

Grapas de fijación metálicas

Características

- Referencia **P00G1**
- Material: acero inoxidable
- Orientación fija de 0° y 90°
- Unidad de embalaje: 2 uds.

Dimensiones (mm)

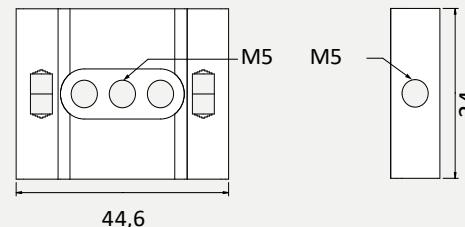

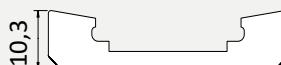

Grapas de fijación plástico

Características

- Referencia **P00G2**
- Material: ABS
- Orientación fija de 0° y 90°
- Unidad de embalaje: 2 uds.

Dimensiones (mm)

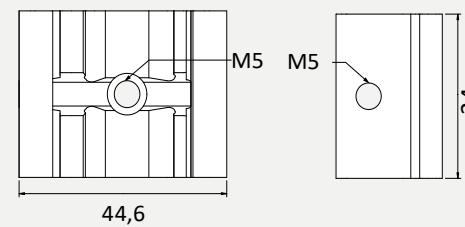

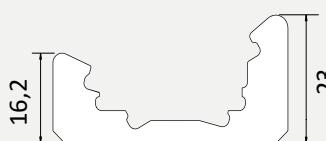

Grapas de fijación rotativa plástico

Características

- Referencia **P00G3**
- Material: ABS
- Orientación fija de 0°, 15°, 30°, 60°, 75° y 90°
- Unidad de embalaje: 2 uds.

Dimensiones (mm)

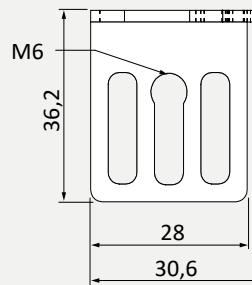

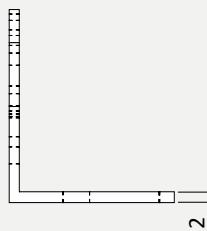

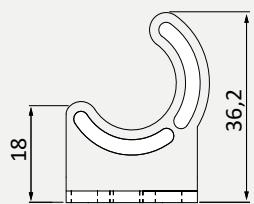

Anclaje rotativo

Características

- Referencia P00R1
- Material: acero inoxidable
- Orientación fija de 0° y 90°
- Orientación variable de 0~90°
- Compatible con M6D16
- Unidad de embalaje: 2 uds. (derecho e izquierdo)

Dimensiones (mm)

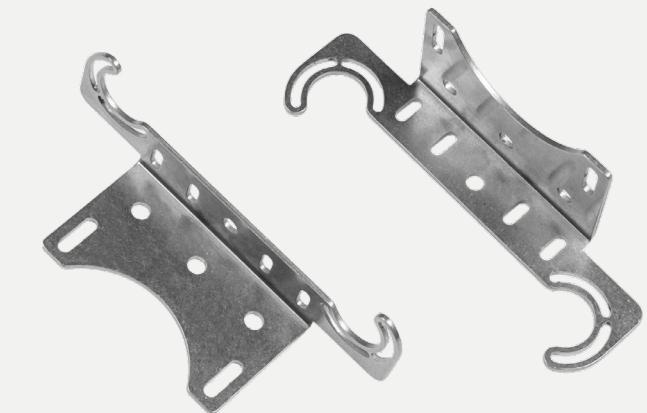

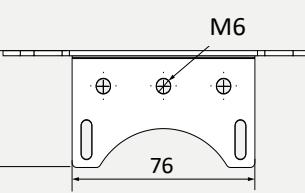

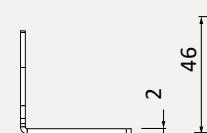

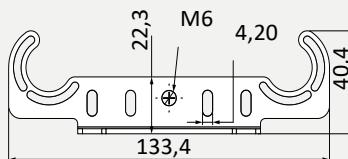

Anclaje rotativo doble barra

Características

- Referencia P00R2
- Material: acero inoxidable
- Orientación fija de 0° y 90°
- Orientación variable continua de 0 ~ 90°
- Unidad de embalaje: 2 uds. (simétricas)

Dimensiones (mm)

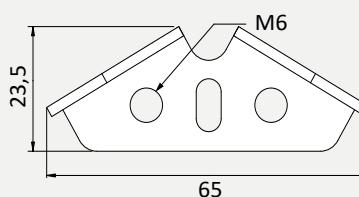

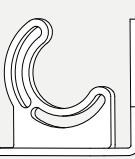

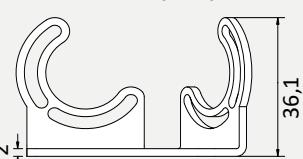

Anclaje rotativo doble 60°

Características

- Referencia P00R3
- Material: acero inoxidable
- Orientación fija de 0° y 90°
- Orientación variable de 0~90°
- Unidad de embalaje: 1 ud.

Dimensiones (mm)

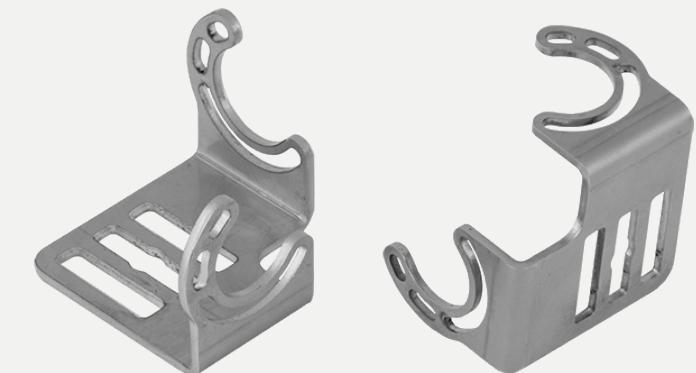

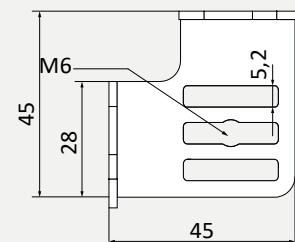

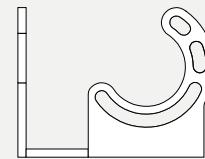

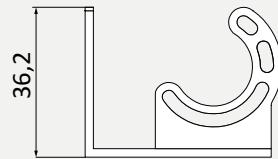

Anclaje rotativo doble 90°

Características

- Referencia **P00R4**
- Material: acero inoxidable
- Orientación fija de 0°, 10°, 35°, 55°, 80° y 90°
- Orientación variable de 0~10°, 35~55° y 80~90°
- Compatible con M6D16
- Unidad de embalaje: 2 uds. (derecho e izquierdo)

Dimensiones (mm)

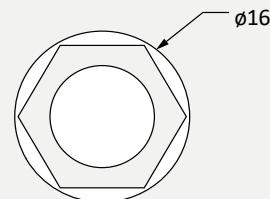

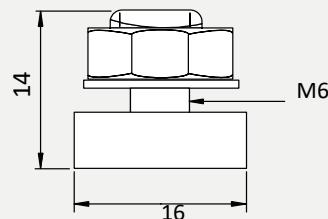

Soporte magnético Ø16 mm

Características

- Referencia **M6D16**
- Material: acero inoxidable + neodimio
- Compatible con P00R1, P00R2, P00R3 y P00R4
- Unidad de embalaje: 1 ud.

Dimensiones (mm)

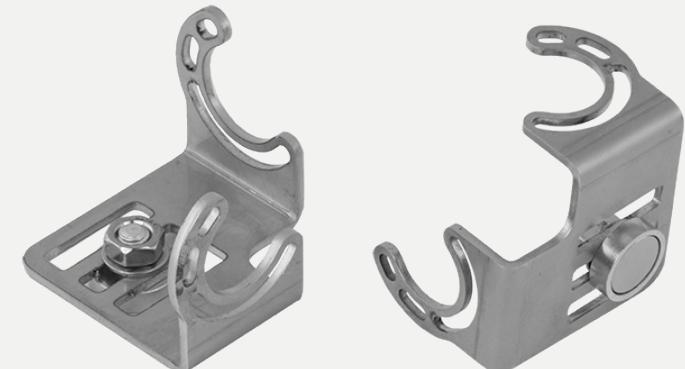

Ejemplos

P00R1 + M6D16

P00R4 + M6D16

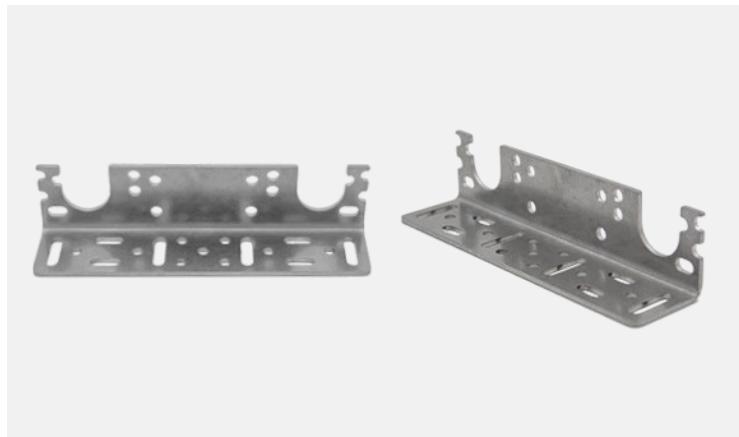

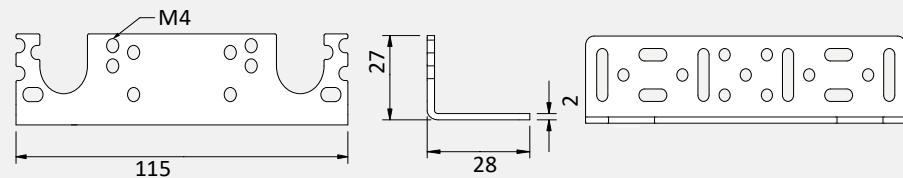

Soporte lateral

Características

- Referencia **B00S1**
- Material: acero inoxidable
- Orientación fija a 0° y 90°
- Unidad de embalaje: 2 uds.

Dimensiones (mm)

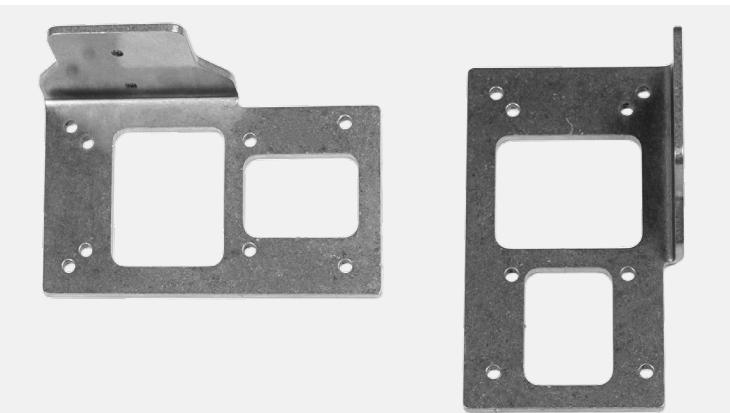

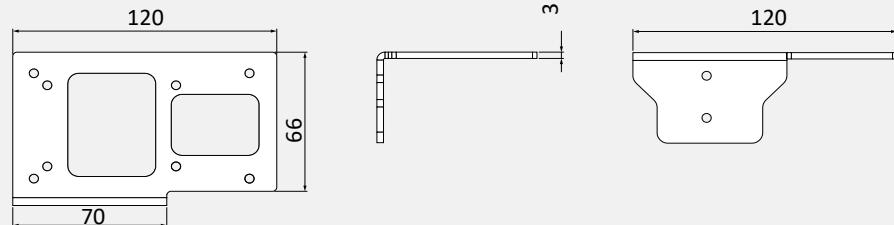

Soporte cámaras Cognex Series 5000, 7000

Características

- Referencia **C00C1**
- Material: acero inoxidable
- Orientación fija a 90°
- Unidad de embalaje: 1 ud.

Dimensiones (mm)

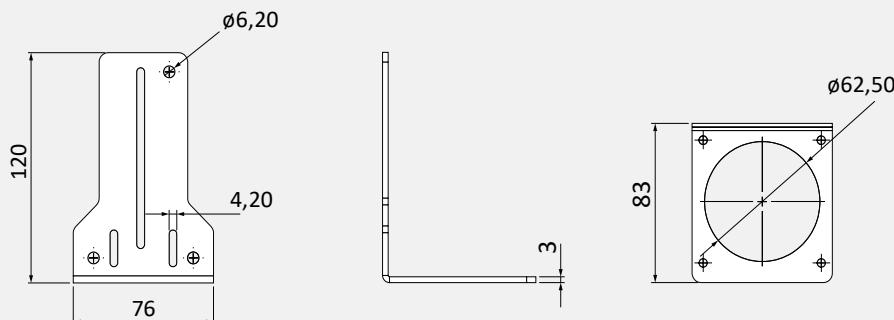

Soporte cámaras Sensopart 1st. & Next Gen

Características

- Referencia **C00S1**
- Material: acero inoxidable
- Orientación fija a 90°
- Avance variable 0 ~ 80 mm.
- Unidad de embalaje: 1 ud.

Dimensiones (mm)

Soporte plano cámaras universal

Características

- Referencia **C00F1**
- Material: acero inoxidable
- Unidad de embalaje: 1 ud.

Dimensiones (mm)
